GOVT OF ASSAM

DISTRICT HEALTH SOCIETY: NAGAON

NHM/DPMU/N/863

Dated:10.6.16

Minutes of District Quality Assurance Committee Meeting on Family Planning

The meeting was chaired by Joint Director of Health Services, Nagaon. The House was introduced by the Addl. Deputy commissioner and the meeting starts thereafter. Following are the points discussed:

- The importance of Quality Assurance Committee and the frequency of conducting the meeting. The meeting must be conducted quarterly with detailed discussion on the performances of the surgeons and to deal with death, failure or complication cases to help in reducing the risks.
- The Performance of BPHC was reviewed by the Addl. CM&HO and it is observed that few BPHC has below standard performance even after providing all kinds of support from District Head Quarter.

The reason explained by the Joint Director was lack of attention from those BPHCs in conducting Scheduled Family Planning sterilization camp.

- Joint Director of Health Services, Nagaon has discussed on the procedure for claiming to complication, failure & death cases relating to Family Planning Sterilization.
- Joint Director of Health Services has asked to distribute Manual of Family Planning Insurance to each BPHC and empanelled surgeons.
- An overview of performance of death, failure, complication & claim has been discussed by the Joint Director.
- A very few no's of sterilization failure report has been submitted from BPHC. Joint Director has requested to submit all the failure reports in details since April 2016.

- Joint director of Health Services has requested the surgeons to attend the camp on time as scheduled by the Addl. CM & HO (FW). Though it's been reported from the field regarding late arrival of surgeons as a result of which acceptors get demotivated and left the venue.
- Updating of Empanelled surgeon was done by the Joint Director of Health Services, Nagaon & Addl. CM & HO (FW) and accordingly a notification will be issued.

Dr. Atul Chandra Patar

Joint Director of Health services
