### **Guidelines of the Activity:**

Assam has completed more than 3 lakh teleconsultations through e-Sanjeevani, a Government of India's National Telemedicine Service, rapidly shaping into the state's most popular and the largest telemedicine service. Ministry of Health & Family Welfare's National Telemedicine Service e-Sanjeevani is operational through two modes viz. – e-Sanjeevani AB-HWC (doctor/CHOs to doctor telemedicine platform) that is based on hub and spoke model and e-SanjeevaniOPD – (patient to doctor telemedicine platform) which provides outpatient services to the citizens in the confines of their homes.

The State has initiated a good practice "Team Sampark", wherein a fleet of Doctors and counsellors have been attached for receiving calls and providing necessary consultations. The State has also started linking SC-HWC to respective Link PHC and District Hospitals for specialist's consultation. In this regard, the state has received approval to establish teleconsultation Hubs at the District Hospitals/Sub-Divisional Hospitals in a phased manner i.e. **17 Hubs in 2022-23 and 18 Hubs in 2023-2024.**

#### **A. Activity: Human Resource**

**Budget Approved: 3.0 Lakhs and 3.15 Lakhs (Only for Hub/ IT Coordinator)**

**FMR Owner/Resource Person for the Activity: State: - HR Consultant**

The State is in the process of recruiting 15 Medical Officers –MBBS (05 approved under RoP 2021-2022 & 10 approved under ECRP-II) and 01 IT-HUB Coordinator (approved under RoP 2021-2022). **The Remuneration for Medical Officer will be drawn from NHM HR pool and IT hub Coordinator who is proposed for all IT**

and data related work of e-Sanjeevani. Selection process of IT Hub Coordinator is in final stage considering approval in the ROP 2021-22. As discussed in the pre-NPCC meeting, State has not proposed the IT Hub Co-ordinator position in the HR pool as state has exceeded the maximum ceiling of 9%.

## Guideline on Wellness Activities for Health and Wellness Centres

Wellness activities have paramount importance in keeping citizen hale and hearty. Any curative action is not only found to be costly for patients but also it de-moralizes the of patient and his/her family members. So, under HWC rollout, enough importance is given for carrying out wellness activities to be carried out at each Health & Wellness Centre (HWC). Primarily, Yoga has been suggested to be promoted and practiced in HWC but, if district has any other well set grounded healthy scientific practices (behavior), then district can even roll out those wellness activities, keeping state in loop.

Point, which must be kept in mind that the practices, like yoga are different for different age group. e.g. the yoga for adolescent and for pregnant mother is not same. So, utmost care must be taken and preferably, homogenous target group should be invited for training them of specific wellness activities.

### Indicative list of Wellness activities that can be carried out in HWC:

1. Yoga, (age specific)for different target group;
2. Free Hand Physical Exercises;
3. Dietary advice/ Nutritional advice–**EAT RIGHT**: Population are to be encouraged to have local available vegetables, fruits instead of going for costly vegetables, fruits (maintains in preservative) from market. Food content should have carbohydrate, protein, fats. Taking less sugar and salt intake to be promoted,
4. Need of taking pure drinking water, how to do water purification at home, e.g. (sand filtration, boiling water). Adequate water intake/day;
5. Proper hygienic sanitation techniques, handwashing techniques (6 steps of hand washing to be practiced always);
6. Need of avoiding tobacco and alcohol – counselling for quitting tobacco and alcohol, how to tackle withdrawal syndrome of alcohol consumption;
7. SC- HWC can even organize event (like village level friendly match, art competition) to popularize the need of doing physical activities.
8. Discussion on adolescent health, cleanliness during menstrual hygiene: Target population are to be informed that menstrual cycle is a biological process and so it is to be accepted as it is. The cleanliness during the cycle is to be ensured at any cost and the quantity of bleeding to be checked;
9. IEC and health promotion regarding prevention from vector borne diseases. HWC can give advice and hands on trainingto reduce mosquito breeding sites, use of bed nets, keeping animals away from houses, personal protection from mosquitoes etc.;

10. Cleanliness drive (SwachhataAbhiyan) in the HWC at least once in a week with nature friendly initiatives like planting trees, herbal gardening will not only boost the physical wellbeing but also the improve the social and mental wellbeing.

### **How to implement Wellness activities in HWC:**

1. The HWC can utilize available human resources for starting wellness activities in HWC- CHO, ANM, MPW(M), ASHA supervisor, ASHA.  
*\*\*\*\*The Nation AYUSH Mission (NAM) has list of certified Yoga instructors in different blocks of the state. District can get in touch with the yoga instructor, posted at block under NAM, to get his/her services as yoga instructor. Based on the availability of yoga instructor, DPMU/BPMU can contact them, and plan for their visit against selected HWCs. The District Youth Coordinator of Nehru Yuva Kendra (NYK) can also be contacted to get their support in identifying qualified yoga instructor in the district. Taking the expertise of retired defense personnel can be explored; \*\*\*\*Certified yoga instructor must submit the photocopy of the qualification to CHO of HWC for onward submission to Joint Director of Health Services of the district;*
2. **To begin with, the wellness activities can be started twice a week at a fixed time, which is comfortable for the target group;**
3. Week wise roaster of activities are to be prepared (**ASHA village wise planning will be better**) and details of the activities performed along with attendance can be captured in the register. Based on the roster and the planned wellness activities, ASHA can mobilize target group for the activity.
4. One or two specific wellness activities based on the target group's need should be carried out on a single day.
5. At least 8 such wellness activities must be visited by BCMs and 4 wellness activities by DCM must be visited and the findings to be shared at state HQ.
6. SC-HWC is also given the responsibility, to share any specific issues if the SC area has, which is not addressed so far as a program guideline. Once, such specific issues are listed out then necessary supports can be extended jointly by district / state;
7. Health promotion activities should be at the centre of wellness activities with maximum community participation at HWCs on specified days.
8. The wellness activities are to be based on local health needs to ensure that the communities are empowered, and it brings their behavioural changes in their life style.
