STEPS TO PREVENT

Make sure there is no water stagnating in and around your house, in open containers, discarded coconut shells, unused flower pots etc.

Always use a mosquito net (LLIN) while sleeping, even during the day. Dengue mosquitoes bite during the day.

Protect yourself from mosquito bites by wearing long sleeved clothes.

If you feel any dengue-like symptoms, consult a doctor immediately. Don't take medicines without a doctor's consultation.

Prevent incubation of mosquitoes inside and outside your home. Save yourself from dengue.

Treatment of dengue is available in all Government Hospitals. Laboratory facilities for testing dengue is available free of cost in all District Hospitals and Medical Colleges.
