- During the discussion it was found that right selection of the cases was one of the major issues resulting in increase in the failure rates. Further it was insisted by the house that the process of selection of the beneficiaries should be done more meticulously.
- The Chairman instructed that the Surgeons who have experienced more sterilization failure rates needed to be notified.
- The Chairman also insisted that the failure cases which come out to be genuine after the scrutiny should receive the compensation as per guidelines in a smooth manner.
- Quality of sterilization services should be monitored by District officials, led by Addl.CM&HO and DFPC so that all the processes starting from registration, counseling and screening of the beneficiaries are done as per protocol and in timely manner. The chairman also mentioned that a training needs assessment may be done of the empanelled surgeons and if felt needing trainings, may be trained again.
- Further the chairman also instructed that the list of all the failure cases should be sent to the respective districts surgeon wise and a self-review has to be done by the surgeons so that failures can be minimized.
