HSS.2 ,SI No 154

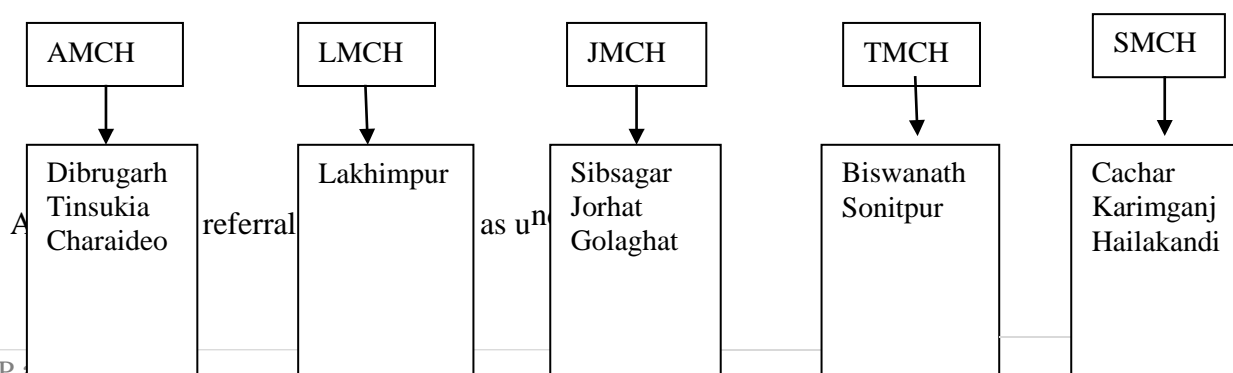

**Activity: - Confirmatory Test (HPLC ) of Pregnant Women For Heamoglobinopathies.**

Hemoglobinopathies are the commonest genetic disorders worldwide. They include thalassemia and abnormal variant haemoglobins such as Haemoglobin S, D, E, sickle cell anemia etc. **Hence,** All pregnant women of the Tea Garden areas of 12 districts of Assam viz. Dibrugarh, Tinsukia, Charaideo, Lakhimpur, Sibsagar, Jorhat, Golaghat, Biswanath, Sonitpur, Cachar, Hailakandi and Karimganj. will be mandatorily tested for HB % by digital hemoglobinometer as clinically it is very difficult to pick up mild or moderate Anemia.

### Process Guideline

- Pregnant women with Hemoglobin less than 8 mg/dl will be subjected to HPLC.  
*(Haemoglobin fraction analysis by cation-exchange HPLC is the commonest test used worldwide for secondary screen or laboratory diagnosis of hemoglobinopathies. It provides percentage quantification of different Haemoglobin fractions. The DNA based tests identify the defect at the gene level and provide final confirmation of the defect.)*
- A linkage with the Medical colleges (*having functional HPLC machine*) is developed for sending the samples of the pregnant women whose Haemoglobin estimation will be less than 8 mg/dl for confirmatory test (HPLC test).
- Women with  $Hb \leq 7$  gm/dL will be immediately admitted and facilitated for blood transfusion **after obtaining sample for HPLC.**
- The pregnant women who will be diagnosed with Sickle Cell Anemia, thalassemia or Heamoglobin E trait/disease will be treated as per the advice of Medical Officer.

➤ The districts are mapped with the Medical Colleges as under:

Sl. No	Medical College	District		
		1	AMCH	Dib- Mon/Wed
2	LMCH	Lakhm- Mon/Wed/Fri

## FMR Code

HSS.2 , SI NO 155

**NAME OF THE ACTIVITY: (Free Blood For All ) Patient requiring Blood Transfusion 1) Patient with Blood disorder 2) Patient in Trauma 3) Other requiring blood transfusion.**

### Activity owner:

- At State level :- I/c Blood Cell, TanushreePathak, PE, MH
- At District level – District Program Manager / DAM/ In charge Blood Bank

The Public Health Facilities in the state do not charge any cost for blood but they are collecting processing charges. These processing charges not only add to out the of pocket expenditure at point of time but also discourages voluntary donation as there is misconception that blood banks are collecting charges inspite of the blood donation being free. To reduce the out of pocket expenditure and also to encourage voluntary blood donation needed to augment blood supply fund has been released for weaving off all user charges for Blood Transfusion excluding user charges for Pregnant Women which is already free as it is approved under RCH 1 , Sl. No 3 (*ref Operational Guideline Maternal Health*)

All district to ensure that patient receives blood after due processing which will be free of cost. Fund will be released to the district health society

- All districts to ensure that patient receive blood, after due processing, free of cost. The Transfusion/ processing charges@Rs 650/- per transfusion shall not be claimed from any patient.
- For Pregnant Women, district will bookthe fund under RCH 1 , Sl. No 3 (*ref Operational Guideline Maternal Health*)
- Other than pregnant women, the transfusion/processing charges @Rs. 650/-per unit of Blood, for the patient treated with blood transfusion at Govt. Health Institution/Accredited Govt. Health Institution will be booked under the FMR code 1.1.7.7
- The state will release the funds to the district health society.
- The district health society will release the funds for 3 (three) months in advance to all Mother Blood Banks.

- The Mother Blood Banks will submit the monthly utilization certificate to the district health society by 7<sup>th</sup> of every month.
- Along with the UC, the Mother Blood Banks will also have to submit the detailed line listing of the Patients/ Beneficiaries. A copy of the detailed line listing of the patient/beneficiaries will also be sent to the Director cum Member Secretary, Assam State Blood Transfusion Council. (*Format for submission of line list is at Annex I*)
- If any Private Health Institution sends requisition for Whole Blood or Blood Components at Govt. Blood Banks, the reimbursement will not be entertained. The Govt. Blood Banks will take the processing charges for Whole Blood and Packed Red Cells @ Rs 1050/- per unit, for Fresh Frozen Plasma and Platelet Concentrate @ Rs 300 per unit, for Cryoprecipitate @Rs 200 per unit from the Patient/Beneficiaries in line with the NACO/NBTC guidelines ( ref letter No D.O No S-12016/01/2012- NACO (NBTC) Dated 21<sup>st</sup> August, 2017.
