Dated: 17/1/22

Minutes of SISC meeting on Family planning performance State held on 22nd December, 2021 at Board Room, NHM Office.

The State FP Indemnity Sub Committee held a meeting under the chairmanship of Sri Munindra Nath Ngatey to review and discuss the claims pertaining to failure, complication and deaths following sterilization operations.

1. Dr. R .Bhuyan	:Director Health Services
2. Sri Munindra Ngatey	:Director of Family Welfare
3. Dr. M.K.Choudhury	:Executive Director, NHM, Assam
4. Dr. Panchanan Das	:HoD, dept of Obs & gynae, GMCH
5. Dr. Rituparna Das	:Dept of Surgery, GMCH
6. Dr. K.Zaman	:Consultant, Maternal Health, NHM, Assam
7. Dr. Deepjyoti Deka	:SPM, NHM, Assam
8. Dr. Manas Kotoky	:SPO, Family Planning, NHM, Assam
9. Smt.Bhagya Devi Das	:Sr. Consultant (Nursing), NHM, Assam
10. Chandrama Nath	:Administrative Assistant, NHM, Assam

At the outset of the meeting SPO Family Planning gave a brief introduction on the progress and overall Family planning performance of State and District wise Family planning service performance since last two years.

The meeting was convened with following agenda

- Claims pertaining to failure, complication and deaths following sterilization operations.
- Family planning Performance
- Performance of the Non-performing empanelled LS Surgeon.

Following were the major areas for discussion and decision:

1. A total of 62 claims were received for the year 2021-22.

	Failure	Complication	Death	Total
Claim Received	58	3	1	62
Found eligible	58	3	1	62

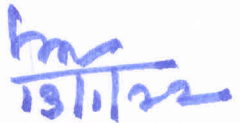

The death claim received was from Nagaon district which was received in 2021-22 although the death case occurred in 2020-21.

165
was observed that the performance of the Female sterilization has reduced as compared to previous years.

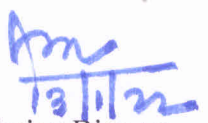

Year	Vasectomy	Female Sterilisation				Total Female Sterilisation	Total IUCD
		NSV	Mini lap	PPS	LS		
2019-2020	495	714	14401	17002	580	32697	173203
2020-2021	562	420	12358	8017	566	21361	144765
2021-22 (till nov)	203	109	8620	4240	360	13329	103320

3. It was decided in the Meeting that post partum sterilization should be conducted by every Gynecologist after the Caesarian Section itself as there is a less chance of failure during this period. Director Health Service gave his view that special training is not required to perform PPS as the Gynecologists learns it during their Post graduation period .Performing PPS should be made mandatory for each Gynecologist. It was also decided in the meeting to send the report of LS Failure cases to the respective surgeon confidentially as they do not get any information regarding their failure from the district. It was informed that an in house meeting was already conducted on 13th Dec, 2021 at NHM state HQ with the LS surgeons having high failure rates to discuss the various factors leading to failures.
4. As the LS failure cases are considerable every year, it was decided to provide Refresher training for the LS Surgeons. The Refresher training will be organized in GMCH. Dr. P. Das, HoD ,Department of Obstretics and Gynaecology has been given the responsibility to organize the training at GMCH Batch wise with max 5 (Five) L.S Surgeon per batch. It was also decided that L.S Surgeon with high numbers of failure cases must undergo with the Refresher training of Laparoscopic Sterilization.
5. It has been observed that many of the trained surgeons are not performing Laparoscopic Sterilization Surgery in the District despite of having facility at the district. It was decided that the surgeons who have been trained for Female sterilization and are Non performing are to be retrained via refresher training on LS.
6. To increase the rate of PPIUCD and PPS, counseling should be given more importance. It was decided to give more focus to Hospital with high delivery rate, especially for the mothers after their 2nd delivery. The client for family planning services post partum needs to be counseled at every opportunity starting from the Antenatal check up, in delivery room and also in the post natal period.
7. ED NHM instructed to do a comparative analysis of total performance of district regarding NSV, LS, PPS, IUCD and other family planning services for last 2 years.

The meeting ended with Vote of thanks from the chair
