

VISIT INSTRUCTIONS TO ASSESS FUNCTIONALITY OF PROGRAM AT COMMUNITY LEVEL

The Supervisor/Monitor would cover **one Village Health and Nutrition Day (VHND) session, one middle school, One AWC and five households** in the vicinity of the L1 delivery point in **single visit**. He/she expected to undertake **two community visits in a month**. The DLM would also interact with at least 1-2 ASHA and AWW each during the community visit. He/ She would accompany the ASHA for household visits in her catchment area. A minimum of 5 household to be visited, selection of house-hold to be prioritised as follows:

1. Household with a pregnant woman
2. Household of lactating mother with 0-6mths baby
3. Household with a child of 6mths- 2 years
4. Household with an Adolescent girl/ boy
5. Household where home delivery occurred in the last one year

Even if the nearest sub-center to the village visited is not a L1 deliver point, the DLM should visit the SHC to interact with the ANM.

During the school visit the DLM should interact with nodal WIFS teacher and children in at-least two eligible classrooms

In case of a VHND visit, take a stock of essential drugs, supplies, commodities and vaccines available at the site. Review the service delivery for ANC, PNC, Growth Monitoring and Immunization. Ask the community for health messages they received from ASHA/ANM

Supervisor need to fill code as 1, 2, 3 and 4 in box adjacent to questions (**1: Yes, 2: No, 3: Not applicable, 4: don't know**)

Name & Designation of the Supervisor:			Organization			Level:	Block	District	State	National	Others
Name of village			Block:			District:			Date of visit		

1.VHND Assessment			2. Interview with ANM			3.Interview with ASHA		
1.1	Whether ANM provides following services during a VHND?		2.1	Is Community distribution of Misoprostol for home deliveries implemented?		3.1	Incentives to ASHA
