National Training of Trainers for

C  **VID-19**

6 March 2020 | New Delhi

Training Objectives

Training Objectives

1. Sensitize Trainers from central government institutions/ States/ UTs on COVID-19.
2. Explain the strategic approach for managing COVID-19.
3. Describe the key interventions aligned with the strategic approach.
4. Demonstrate and practice important skills required for implementing the interventions.
5. Plan for scale up of similar trainings at state/district level

Training Objective 1

Sensitize Trainers from Central Government Institutions / States/ UTs about Novel Coronavirus Disease (COVID-19)

- COVID-19 is a new disease, that is fast spreading globally and still there are several critical unknowns.
- understand the key aspects related to the disease emergence, epidemiology, and how to contain further spread in the country.
- Fill the knowledge gaps
- Practice the important skills.

Training Objective 2

Explain the strategic approach for managing COVID-19

India will be following a scenario based approach to manage COVID-19. The strategic approach to each of these scenarios will be explained.

- Travel related case reported in India
- Local transmission of COVID-19
- Community Transmission of COVID-19 disease
- India becomes endemic for COVID-19

Training Objective 3

Describe the key interventions aligned with the strategic approach.

- Surveillance (including at Points of Entry)
- Contact Tracing
- Laboratory surveillance
- Infection Prevention and Control (IPC)
- Clinical Case Management
- Risk Communications and Community Engagement

Training Objective 4

Demonstrate and practice important skills required for implementing the interventions.....

1. Infection prevention control practices
2. Donning and doffing of PPEs
3. Sample collection, packaging and transportation

Training Objective 5

Plan for scale up of similar trainings at state/district level

- The trainers for the National workshop, are expected to carry forward the knowledge and skills gained through this National ToT, for further cascade of trainings at state and district level.
- This needs to be much more comprehensively done at sub-national level, involving all key stakeholders (including the private sector), who are going to play a critical role if a COVID-19 outbreak occurs.

Thank you
